

# OIL FILTER MAGNET APPLICATIONS

**ENGINEERED FOR YOU**

## OIL FILTER MAGNETS

- Easy to install, just attach to base of standard oil filter
- Standard oil filters only trap particles down to 20 microns, leaving the most harmful 5 to 20 micron particles to circulate through your engine
- This powerful six point magnet traps harmful, abrasive hard metal particles down to 1 micron that regular oil filters don't
- Invented by Dave Ashley and Dan Smith, winners of 17 Baja Off-road Championships, to help their race engines last through the extreme abuse of Baja racing
- No gimmick, these things really work to reduce wear, and significantly increase engine life
- Available in two sizes to fit most spin on or cartridge oil filters
- Makes any oil filter better than a high performance oil filter
- Reusable for up to 5 oil filter change

**PART# 11-0063** (for in 1")

**PART# 11-0064** (for 18-22mm & 3/4"-13/16")
